

# Lokesh Bomma

## React.js Developer

[Portfolio](#) | [linkedin](#)

### OBJECTIVE

Motivated and passionate Full Stack Developer with hands-on experience gained through personal projects, building responsive and dynamic web applications using HTML, CSS, JavaScript, React.js, Tailwind CSS, Node.js, Express.js, and MongoDB.

Eager to apply my skills and creativity in a professional environment, contribute to developing user-friendly web applications, and continue learning modern technologies in full-stack development.

### EDUCATION

#### Bachelor's degree in Computer Applications

VNSGU University

2023 - Present Surat, Gujarat

### PROJECTS

#### Real Estate

🔗 <https://realestatelokesh.netlify.app>

Tech Stack:

React.js, Tailwind CSS, Web3 Forms, Toastify, Framer Motion, Netlify.

A modern frontend single-page application showcasing real estate properties with a smooth and responsive user interface.

- Integrated Web3 Forms for handling email submissions without backend setup.
- Used Toastify for user notifications to enhance user experience.
- Added UI animations using Framer Motion for an interactive feel.
- Built a fully responsive design with Tailwind CSS.
- Deployed the project live on Netlify for easy access.

#### GenAi - AI-Powered SaaS Platform

🔗 <https://saas-genaii.vercel.app>

Tech stack :

React.js, Tailwind CSS, Clerk Authentication, Prebuilt UI Components, Node.js, Express.js, Neon PostgreSQL, Google AI Studio API, ClipDrop Image API, Cloudinary, ChatGPT, Gemini, GitHub, Vercel.

- Designed and implemented frontend using React and Tailwind CSS.
- Built backend APIs with Node.js and Express.
- Integrated multiple AI services such as Google AI Studio, Gemini, and ClipDrop.
- Configured authentication using Clerk and database with Neon PostgreSQL.
- Managed deployment and cloud integration using Vercel and Cloudinary.

### STRENGTHS

#### Adaptability

Self-motivated learner with a strong passion for full-stack development and new technologies.

#### Collaborative

Ability to work independently or in teams to build complete, production-ready projects.

#### Problem Solver

Logical thinker with a focus on writing clean, efficient, and scalable code to solve real-world challenges.

### SKILLS

React    React Hooks    JavaScript

Express    Tailwind    Java    Sass    Git
